

# BUILDING A FOUNDATION *for the Future*

The Baby Fold serves

28 counties

Constructing a home takes a team of specialists — such as architects, electricians, plumbers, and others — to coordinate and work together. The same is true for the work at The Baby Fold. Our team of social workers, therapists, teachers and staff work together to build good foundations for children and families and help them build their best lives. A house might be threatened by bad weather or poor construction. So too can children and communities be threatened by the storms of life, and a lack of a strong foundation. At The Baby Fold, we know that the well-being of our community depends upon the well-being of its citizens. We want everyone to reach their full potential so they can become fully contributing members of our community because that benefits us all.

Thank you for blessing our efforts to build a good future for God's precious children and their families.

A handwritten signature in cursive script that reads "Dianne Schultzy".

President and CEO

We have

15

programs all designed to wrap services around children and families.

# DID YOU KNOW?

The Baby Fold was founded in

1902

We serve over

1,000

children and families each year.

The Baby Fold employs

248  
people

The Baby Fold has raised

\$433,216

for its endowment campaign for Healthy Start. The goal is 1 million.

The Baby Fold staff put

500,000

miles on our fleet of agency vehicles to assist children and families in their own homes last year.

The Baby Fold hosted over

9,000

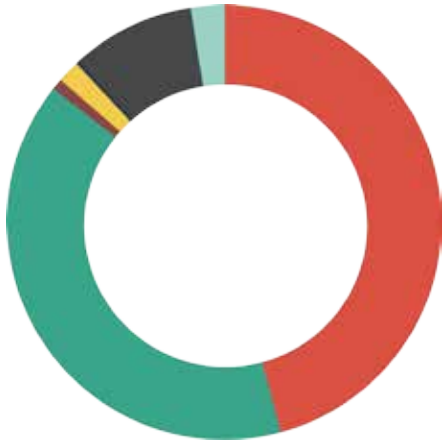

guests at its 23rd  
Annual Festival of Trees.

## Adoption Preservation

*Adoption is a promise. The Baby Fold's "Keeping the Promise" Adoption Preservation program supports families who have adopted children under the age of 18. When family challenges arise, we offer support, consultation, resources, and professional therapy at no cost to families. The Baby Fold is committed to supporting adopted families so parents can remain committed to their children. We never give up on a child!*

## Healthy Start

*The Baby Fold's Healthy Start program successfully breaks the cycle of abuse and neglect by helping at-risk mothers bond with their babies and build safe, loving environments. A family support worker visits mom before and after she delivers her baby and then continues to partner with her until her child is 5 years old. The Baby Fold knows that healthy foundations mean healthy children, healthy families and healthy communities.*

## Residential Treatment Center

*The Baby Fold's Residential Treatment Center provides intensive 24-hour supervision and treatment for children who've experienced severe trauma or who are struggling with mental health issues. Through compassionate care and therapy, our professional staff help children regain the hope, love and courage they deserve and empower them to lead healthy and whole lives once again.*

## Community Schools

*Did you know that The Baby Fold has embedded a Social Worker at Fairview Elementary School in Normal? Our successful Community School program creates partnerships between the school, community, and families. We identify student needs and help families access available resources, effectively removing barriers to student success and development. The Baby Fold has achieved a 97% success rate in increasing student knowledge through this program!*

## WHO WE ARE

114 years ago, The Baby Fold was a house — a temporary home for infants who needed a family. We provided a place of safety, hope, and love. Today we are supporting families who want to make their house a home. A place of security and well-being for everyone.

To build that home, it takes a team. The child, the parents, and our staff work diligently to create a strong foundation, engaging families early, before there is a crisis through Healthy Start and early intervention and other support programs. The Residential Treatment Center provides a roof over children who need intensive therapy and support so that they can return to a family who is ready and able to care for them. Our Hammitt Schools provide windows of opportunity through special education and relationship building. Foster Care and Adoption Preservation open a door to a new family and a bright future together.

The walls of the home are our family support services that meet families where they are, helping them to stand tall and strong, and able to contribute to their communities. The fence around the house is the pastoral care provided for all who need guidance, support or comfort.

Although The Baby Fold has many buildings on several campuses, in a sense, it has no address. The Baby Fold is everywhere a child and family seeks healing, connection, strength, and safety. When we are successful in our mission, everyone reaches their full potential. And our children, families, and communities thrive.
