

2018 IMPACT

THE Baby Fold

We served
1200 Children
and Families
in 2018.

From our humble beginnings in 1902, The Baby Fold has been on a journey. Our founders could not have imagined what the little 'baby fold' has become. Each step along the way, The Baby Fold depends on God's grace and guidance, and on special friends who choose to take the journey with us. We are so grateful for our fellow sojourners who support and encourage us with their prayers, their wisdom, and their resources. You spur us on to take the next bold step in our mission. The Baby Fold celebrates the accomplishments of the past, but we are always looking to the future. The next step is right before us.... here we go!

One of the strengths of The Baby Fold is its vision and flexibility to keep in step with the emerging needs of children and families. We walk in the footsteps of those who have come before us: faithful churchwomen, nurturing caregivers, pioneering social workers, innovative teachers, and highly trained therapists. Our expert and dedicated staff provides the best possible treatment and care for the children and families we serve, stepping alongside them in their journey. We build on their strengths and guide them through the tough times so that one day we can step back and watch children and families thrive on their own.

Every life is a journey, and every step matters. Thank you for walking with us in faith and support so that every child's family experiences all that God has intended for them.

Dianne Schultzy

Adoption is a big commitment, and it can turn a family upside down. Our master's level therapists travel to adoptive homes all over Illinois to guide the whole family into deep connection and well-being. This adoption preservation program is growing as fast as our families.

Hammitt students are growing into their best selves. Step by step, working with specially trained teachers, our kids return to their local public schools ready for academic success and healthy relationships.

Hammitt School junior and senior high students receive both academic and vocational instruction. Through hands-on, real-life experiences, our students are prepared to take the next step in life. Higher education and career goals are explored.

Sharing our tools and techniques with public schools makes it possible to multiply our impact. The Baby Fold has staff embedded in two local schools who help teachers and staff better connect with students and their families. Student test scores have risen dramatically since the implementation of this **Community Schools Program.**

Steps in the right direction in life begin even before baby takes her first wobbly steps. **Healthy Start** staff provide support and education to young families right in the home, so that little ones have the best start in life. With early intervention, outcomes soar. Healthy Start demonstrates a success rate of breaking the cycle of abuse over 95% of the time.

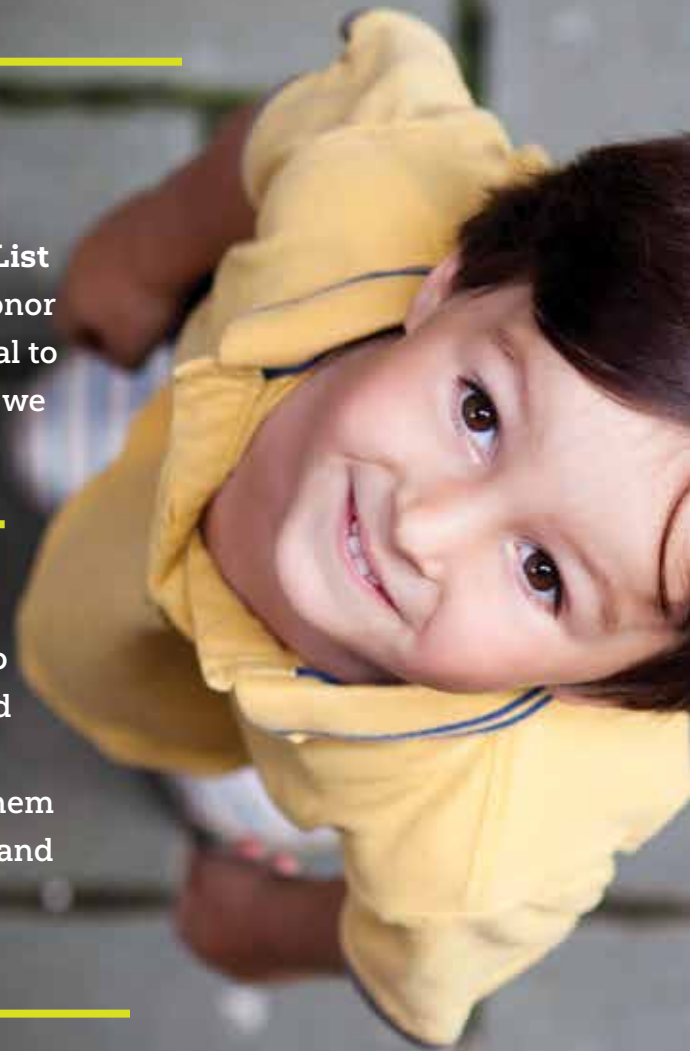

The 25th Annual **Festival of Trees and Christmas Wish List Programs** were amazing! Donor dollars and gifts are essential to provide the quality services we deliver with excellence.

Foster children learn how to feel safe and warm, included and loved in a family who is ready and willing to teach them that they matter. New skills and confidence blossom in a healthy home environment.

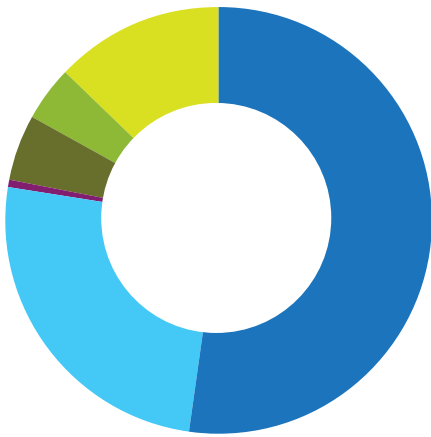

A child with **Autism Spectrum Disorder** has needs that are unique and that require a high level of care and understanding. Hammitt classrooms for students ages 3–21 are specially designed to attend to the special needs of the child with Autism including sensory rooms where kids can learn to self soothe and get ready for learning.

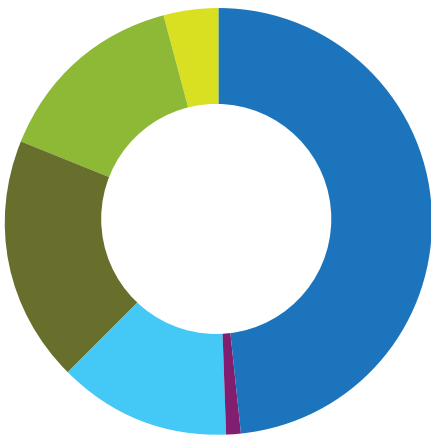

2018 Fiscal Year End Summary

FY18 Revenue by Category

- Local School Districts — \$8,147,899 (52.32%)
 - Department of Children and Family Services — \$3,933,887 (25.26%)

Our Adoption Support program assisted
287 children and their families in 2018.

Community Schools Collaboration — Teachers, students, and families in Unit 5 are benefiting from embedded social workers at **Fairview Elementary** and **Cedar Ridge Elementary**. The Baby Fold provides support for trauma-impacted students, so that they can remain in their local public school. Improvements in academic scores and behavioral health are significant.
