Lunchtime Parent Support Group:
- Normal; The Baby Fold: 1500 Fort Jesse Rd.; Beginning on September 10th and 24th; Time: 12:00 – 1:00 pm; register with Marie Torchia (mtorchia@thebabyfold.org) or Liz Fultz (L.fultz@thebabyfold.org).

"Our children were harmed in relationship and they will experience healing through nurturing relationships.”
-- Dr. Karyn Purvis

TBRI TIP OF THE MONTH

Ecological Strategies focus on the child’s external environment; they increase the child’s sense of felt safety, and they empower children to learn and practice self-regulation skills.

Transitions
- Children who are fearful are likely to react negatively (fight, flight or freeze) when faced with a new and challenging situation. Set them up to succeed letting them know what to expect and when to expect it, in terms that they understand.
- There are two different types of transitions that your child may encounter.
  - Daily Transitions: from home to school (and back again); switching from one task to another; going to extracurricular activities
  - Life Transitions: moving to a new home/town; joining a new family; birth of a sibling; addition (or departure) of a family member; reaching new developmental levels

Routines & Rituals
- Routines: Consistent, predictable practices that occur regularly as part of a regular schedule.
  - An evening routine might include: homework, dinner, brush teeth/bathe, go to bed
- Rituals: Times of heart-to-heart connection that have deeper meaning than routines.
  - An evening ritual might include: playing a game together with soap bubbles/shaving cream in bathtub, bedtime story, hug/kiss goodnight, back-and-forth sing-song chant such as “good night, sleep tight, wake up bright” or “later alligator, in a while crocodile.”
